Do you plan to add or expand cybersecurity initiatives in the next 12 months? 0

Please specify which solutions you are interested in speaking to solution providers about with current and future projects in mind: 0

Please summarize your top Cybersecurity challenges you need assistance with in the next 3-6 months. Please be as descriptive as possible and provide context around your current needs. (this ensures a relevant schedule): the three major cybersecurity challenges our credit union faces everyday are email phishing threats, third party (vendor) security threats and vulnerabilities, data encryption.

1. email threats are constantly getting more sophisticated and because we're a financial institution we are targeted with malicious emails on a daily bases. how can we filter out this emails before it gets to one of our users or clients?

2. third party vendors are great to have because of the work they help us complete but they also introduce security vulnerabilities that can be very detrimental to our credit unions member data and it infrastructure.

3. data encryption has become super critical and our auditors are also pressuring our organization to encrypt all data.
