1) Do you have responsibility for Cybersecurity? yes

Do you plan to add or expand cybersecurity initiatives in the next 12 months? yes

Please specify which solutions you are interested in speaking to solution providers about with current and future projects in mind: API Security, Cloud Security, Data Loss Protection, Data Security, Extended Detection and Response (XDR), Identity Access Management, Zero trust, Privileged Access Management, User behavior monitoring,

Please summarize your top Cybersecurity challenges you need assistance with in the next 3-6 months. Please be as descriptive as possible and provide context around your current needs. (this ensures a relevant schedule): our most pressing need is identity access management and the automation of onboarding/offboarding of users across a multitude of systems in the cloud and on-premise. this would be a new product for us and involve a full assessment of roles, access, etc. targeting a go-live date of q4 2022.

another group here will be implementing mulesoft to leverage apis so api security will be very important for us in 2022 as well.

2) Do you have responsibility for Cloud software solutions? no

Do you plan to add or expand cloud solution initiatives in the next 12 months? no

Please specify which solutions you are interested in speaking to solution providers about with current and future projects in mind: ,

Please summarize your top Cloud Solutions challenges you need assistance with in the next 3-6 months. Please be as descriptive as possible and provide context around your current needs. (this ensures a relevant schedule): 0
